The diagram illustrates a mapping or dependency between two source nodes and a single target node. On the left, there are two white rectangular boxes. The top box contains the text 'prz::Sequence::~~Sequence'. The bottom box contains the text 'prz::get\_sequence\_number\_of\_text\_tracks'. On the right, there is a gray rectangular box containing the text 'prz::Sequence::get\_number\_of\_text\_tracks'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating a relationship or flow from the source nodes to the target node.
